Letter of Intent for MoU

Smart Living is leader in providing cutting edge solution in office and home automation market segment. It is targeted to add smart control to all the electrical and electronics appliances in home and office environment. Smart Living products can upgrade manual wall switches to fully automatic ones which can be controlled from your smart phones or tablets and can also be controlled manually. The feature to remote control can even be extended over the cloud and which will open doors for Internet of things (IOT). Our user friendly smart apps along with Smart Living device can add wow factor and flexibility to your office or home environment. All our solutions are 100% retrofit; are compatible with existing electrical wiring and can be installed easily on the stand and wall sockets. (For more information visit- www.smartliving.net.in)

We have received a request from Department of Electronics (Mechatronics) of Brijlal Biyani Science College, Amravati to give support for their proposal for program B. Voc (Industrial Electronics & Computer Hardware) for Level 4, 5, 6 & 7 interms of skill components of B. Voc degree course for syllabus & placement of students.

We hereby extend our consent for the same & will sign MoU with the college for effective delivery of the course.

With Regards

Authorized Signatory

For SmartLiving Home Automation Pvt. Ltd.

Mr. Pravin Wadaskar
